

A wooden cutting board is the central focus, holding several appetizers. In the foreground, a metal bowl with a patterned base is filled with golden-brown potato chips. To the right, there are several pieces of rustic, braided bread, some with dark spots on top. In the background, a metal bucket is filled with breadsticks, some of which are topped with a dark sauce. The background is a dark, out-of-focus wall with a grid of rectangular panels.
